

## Subject on a page- Art

### Intent:

- The scheme has been created by Edukos Trust, by several Art leaders.
- Children will take part in three art units a year, each one will last for half a term. Lessons will be for an hour.
- Every year drawing will be covered in the Autumn term, painting in the Spring term and then 3D Art in the summer term. This will include either sculpture or textiles. Children will develop their skills in drawing and painting every year, but will also gain experience of different media in the summer term.
- Each year group has designated artists for each unit. The aspect of the artists work they will focus on is detailed in the overview.

### Implementation:

- The subject definition is 'Art is a way to express our thoughts or imagination by enjoying and creating different pieces. We can create wonderful things!'
- Units are structured beginning with 'Exploring sources of inspiration', then several steps of 'investigating and making' and finally 'Evaluating and Developing'.
- Children have their own individual sketch books.
- Art is assessed by teacher assessment at the end of each unit.
