

Class Three Curriculum Overview – Summer

English

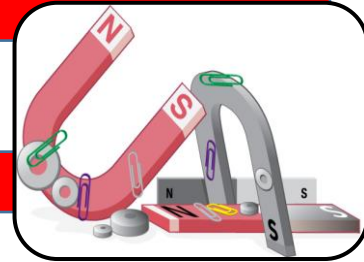

This term, our writing will focus on journey tales, fantasy tales, and information texts. Pupils will develop their skills in structuring narratives, using descriptive language, and presenting information clearly.

In reading, we will explore Charlie and the Chocolate Factory by Roald Dahl. This imaginative novel will help us develop key comprehension skills and inspire our own creative writing.

Maths

Alongside our daily CLIC sessions, we will focus on key topics including time, decimals, and money. These lessons will help pupils build strong foundational skills in mathematics.

Geography

Rivers And The Water Cycle

Science

Plants, Forces and Magnets

Computing

Programming: Sequencing Sounds

DT

Structures: Catapults

Art

Collage

Music

Learning More About Music Styles
