Class Three Curriculum Overview – Autumn

English

This term, our writing will include newspaper reports linked to our learning about coasts, stories set in historical settings inspired by Ancient Egypt, and poetry connected to Communities.

In reading, we will explore This Morning I Met a Whale by Michael Morpurgo, using the text to strengthen our comprehension, inference and discussion skills while inspiring our own writing.

Maths

Alongside our daily CLIC sessions, we will focus on key topics including place value, addition and subtraction, multiplication and division, and area. These lessons will help pupils build strong foundational skills in mathematics.

White Rose Maths

Geography	Coast to Coast
Science	Plants
DT	Food: Vegetable Soup
Music	Interesting Time Signatures
PSHE	Relationships: Teams Health and Wellbeing – Think Positive
PE	Body management, invasion games, interpretive dance, indoor athletics
